## Summary

Dynamic, Disciplined and Work Oriented Developer with a quick & efficient learning approach in pursuit of excellence. Pursuing final year B.Tech in Computer Science with AI & ML from BML Munjal University. I bring in working knowledge in developing marketing & promotional plans with effective communications across verticals. Looking for a challenging opportunity in reputed and high velocity organization and willing to contribute to the professional and personal success and improving skills and abilities as a team.

## EXPERIENCE

### BENCITI TECHNOLOGY PVT LTD | INTERN

May 2022-July 2022 | Bangalore, India

- Tested and debugging of the Application.
- Analysis and deriving Business.
- Adding some new questions to the application.
- Learned and worked on Android Debugging using Android Debug Bridge.
- Learned about the software installed and worked on them. Learned about Gitlab, how the code is pushed or pulled & learned some basic Linux commands.

### RINEX.AI | CAMPUS AMBASSADOR

July 2022-Aug 2022 | Karnataka, India

- Developing marketing & promotional plans for various programs.
- Maintained effective affiliated communications & resolved issues.
- Brainstormed with the marketing team to develop promotional strategies.
- Established & nurtured mutually beneficial relationships with affiliates.

## PROJECTS

### PORTFOLIO WEBSITE | WORDPRESS

June -2023

- Built a personal portfolio website using Elementor theme in WordPress.
- Designed a Contacts Page using Plugging & Contact Form 7.

### CHAINTHAT | SOLIDITY

July -2023

- An Insurance Claim Processing System developed using Blockchain.
- By using a distributed ledger, all parties involved in the claim process can access the same information, reducing the potential for disputes and errors.
- Through encryption & immutability, insurers can reduce risk of fraud & unauthorized access to sensitive information.

### ONLINE GROCERY STORE | REACTJS

June 2023

- Provides the search facilities based on various factors such as grocery, order, stock, product etc
- It tracks all the information of the Customer, Address, Stock etc.
- Deals with monitoring the information and transactions of Stocks.
